

The Tattler

Airstream Owners of California

Message from Pam Lindsay, President

Greetings!!!

Well! This year has flown by!!! (Must be because I'm getting older!)

So here we are in Novemberclosing 2016 and planning for the New Year! What an exciting time!!! We have a full slate of officers for next year, and some really great rallies planned. I truly hope you can join your fellow members at the rallies.....once you have attended you will realize how much fun they are and just why your membership is essential to your life!! (ok.....maybe that's a bit intense!) But, really, participation must be why you joined? Jump in!!! Do your best to save a weekend or more and get to know your fellow members.....I don't think you will be disappointed! We range in ages and certainly vary in backgrounds.....and, just think.....you don't have to go online to look for that perfect 'match'! lol!

Ok.....I just can't help myself when it comes to joining in for rallies.....it's just a great venue to meet different people, learn more about your trailer, 'talk towing', scope out each other's 'digs' and get some great ideas!

Our website has an updated listing of the rallies slated for 2017.....(thank you Walt Bremer!)....where you see no hosts, please feel free to step up and volunteer! It's really the best way to meet and get to know your fellow members! If you see a location/time that is good for you.....let Judy and Walt know.....jbremmer@me.com /wbremmer@me.com

December Rally at Channel Islands

Come join us for the rally Friday, December 9th through the 11th in Channel Islands harbor. The boats and houses in the harbor will be decorated with lights and holiday cheer. It is a great way to greet the season. We have a nice big spot in the boat ramp parking area so we can hold quite a few rigs. The club has paid for the group permit and you pay when you arrive for the nights you wish to camp. Come early, stay late and enjoy the many things to see and do in and around the area: Island Packers Boat Tours, Murphy Auto Museum, antiques in downtown Ventura, and of course, the beach.

Friday night is at Topper's Pizza on the water. They have a wide menu of pizzas and salads with a wonderful view of the channel. Weather permitting afterward we'll have faux campfires at the campsite.

After a yummy breakfast on Saturday, enjoy the harbor activities or go into town. We will also have directions to some of the local wineries or the Camarillo Outlets (good holiday shopping). Saturday night at the Pacific Corinthian Yacht Club is a wonderful holiday buffet and Installation of your 2017 CCC Board. Then you will have front row seats for the Parade of Lights. The room at PCYC holds 52 people so send in your rally coupon as soon as possible so you don't miss out on this fun event. If you wish to come sans Airstream but attend the activities at PCYC, please fill out the coupon and indicate how many will be at the dinner.

Although this is dry camping, there are facilities nearby and the view is amazing.

Hope to see you there, Mike & Gary

Back in Time Wagons West

By Rickie Longfellow

A new kind of camping has been sweeping America for decades and becomes more and more popular each year-RVing (Recreational Vehicle-ing).

We do not find an unpaved road these days easily, and when we do it is usually covered in gravel, and in many cases located in a campground.

Camping has become one of the fastest growing pastimes in our country today. But for many, camping does not include pitching a tent, fishing for dinner or otherwise roughing it. A new kind of camping has been sweeping America for decades and becomes more and more popular each year. It is referred to as RVing (Recreational Vehicle-ing). Often fueled by married couples earning double incomes, these comfortable motor homes, exclusive travel trailers, convenient and compact cab-over campers, converted vans and pop-ups, and eloquent Fifth Wheels hit our nation's roadways by the thousands, every day of the year. Running water, furnaces and air-conditioning, microwaves, dual televisions, bathrooms, kitchens and queen-sized beds are only a few of the standards in an RV. These adventurous travelers enjoy their RVs on smooth surface roadways, encountering only an occasional pothole or other roadway obstacle.

However, the Nation's first "campers"-the pioneers who migrated west by covered wagon train in the early to late 1800s-did not have today's luxuries and travel was not quite so easy. Aside from the rough journey of traveling by oxen-pulled wagon and walking great distances, travel was slow, and roads that were only rough dirt paths to begin with often ended abruptly and detours were needed. Although pioneers did not have to pay the high cost of gasoline, they did have the challenge of keeping themselves and their livestock alive-particularly the oxen that pulled the wagons.

Time was another important factor in wagon train journeys, as settlers tried to reach their destinations before winter. We enjoy a coast-to-coast drive within a few days, with our RVs temperature controlled. The covered wagon made 8 to 20 miles per day depending upon weather,

roadway conditions and the health of the travelers. It could take up to six months or longer to reach their destination.

Nowadays, we travel hundreds of miles in a day concerned only with reaching the campground before dark so that electric and water can be hooked up during daylight.

Even though early toll bridges could be expensive, circumstances sometimes made them the best choice. In Carl Rakeman's 1843-Oregon Trail, settlers navigate a river on a raft that's also carrying their wagon.

Armed with digital cameras and laptops to download photographs, RVers enjoy and capture the scenery of their travels. In reading many of the pioneer's memoirs and diaries it is apparent that along with all their hardships, they also had an appreciation of scenic terrain and good weather.

A pioneer wrote in his diary in the early 1800s, ". . . Entered a beautiful valley. . . warm pleasant day. . ."

The pioneers' transportation problems were mostly caused by weather. Wet weather created mud and quicksand, and winds caused fallen trees and other calamities that slowed travel and the "race" to be settled before winter. Unfortunately, avoiding snow was not always possible.

Hot weather could also become a problem as more frequent water sources were required for both traveler and livestock, though sufficient water and grasses were needed in all weather for the animals when the wagon train stopped for the night.

Even though early toll bridges could be expensive, circumstances sometimes made them the best choice. In Carl Rakeman's 1843-Oregon Trail, settlers navigate a river on a raft that's also carrying their wagon.

Broken axles from ruts in the trails were a major problem, but many travelers brought along a spare, just as we are equipped with a spare tire. Without it, the wagon would be abandoned and other travelers would assist the family until the wagon train reached a town to purchase another.

Toll bridges of today, sturdy steel and concrete structures with routine maintenance, may cost us a few dollars per vehicle; however, some early entrepreneurs charged from \$5.00 to \$15.00 to cross man-made wooden bridges over rivers. The charge would cover only the wagon and team, so other livestock that the travelers owned, such as cows and spare oxen, would have to swim, many drowning in the process.

In April 2002, the Public Broadcasting Station showed Frontier House where three families lived the frontier life for five months. The DVDs of the program are available for sale or from your local library. The project, an educational mini-series filmed the families' daily lives and survival as 1883 settlers.

Experience the bumpy covered wagon journey to their destination as we get a first hand look at how our ancestors traveled on primitive paths and roads, and often no roads at all.

Sauerbraten in Crock Pot

Ingredients

- 1 (3 ounce) cans pickling spices
- 1 large onion, sliced
- 1 tablespoon lemon juice
- 2 tablespoons brown sugar
- 1 tablespoon salt
- 20 gingersnaps
- 2 cups cider vinegar
- 2 cups water
- 4 -5 lbs boneless chuck roast

Directions

Pour pickling spice into a square of cheese cloth and tie into bundle with string.

Combine vinegar, water, lemon juice, salt, sugar, onion, and spice bag in the crock pot. Add the meat and marinate in a cool place overnight.

Cook all day on low heat.

Remove meat and spice bag. Add crumbled gingersnaps. Whisk or stir until gingersnaps form a smooth gravy. Add gingersnaps as needed to thicken to desired consistency.

Taste, and add additional salt and/or sugar to suit individual taste.

Return meat to pot and cook a little longer, so that flavor of gravy penetrates meat.

German Potato Salad

Ingredients

- 4 pounds red potatoes, halved
- 1 pound Bacon, cut into 1/2-inch pieces
- 1 cup chopped onion (more or less to suit)
- 1/4 cup all-purpose flour
- 1/4 cup white sugar
- 1 1/2 teaspoons salt
- 1 cup apple cider vinegar
- 2 teaspoons celery seed
- 2 tablespoons chopped fresh parsley (for garnish)

Directions

1. Place the potatoes into a large pot and cover with salted water. Bring to a boil; reduce heat to medium-low, cover, and simmer until just tender, about 10 minutes. Drain and allow to steam dry for a minute or two; cut into 1/2-inch pieces and place into a large mixing bowl.
2. Meanwhile, stir the bacon and onion together in a large skillet over medium heat until the fat has rendered from the bacon and the onion is very tender but not brown, about 15 minutes. Stir in the flour, sugar, and salt; cook for 1 minute. Pour in the vinegar; bring to a simmer and cook until slightly thickened, about 5 minutes.
3. Pour the dressing over the potatoes and sprinkle with celery seed and parsley. Stir gently to combine. Serve hot.

MEMBERSHIP RENEWAL FOR 2017

WBCCI International has changed their fiscal year so that it begins in August. Starting in August, members of the Central Coast California Unit can begin to renew their membership for calendar year 2017. While your dues are not technically due this early, those who choose to be proactive can begin the renewal process.

International dues remain at \$65.00 and the Central Coast California Unit dues remain \$15.00. Individuals who want to have or retain their names in the Blue Beret master issue issued in January, need to have their renewals submitted to International by November 1st.

There are several ways in which to renew your membership:

- . 1) Sending \$80.00 directly to International in Jackson Center, Ohio. The web address is wbcci.org. Click the tab, **Renew Online Today**, answer the questions, and make sure the unit you select the Central Coast California Unit. Our unit is under Region 12 and the Unit number is 20. The form automatically lists the International Dues at \$65.00 and the Unit dues at \$15.00. When you complete the information and hit *submit* you will be taken directly to PayPal where you can use your PayPal account or pay by credit card. You can also print out the form and mail a check for \$80.00 to International directly to:

**WBCCI Central Office 803 E. Pike Street
P.O. Box 612
Jackson Center, OH 45334**

- . 2) Renewing on the Central Coast California website: <http://centralcoastairstream.wbcci.net>. Click on the **Membership** tab and complete the form. Once the form is complete and you hit submit, you will be taken to the unit PayPal. If you do not have a PayPal account, you can set one up or use a credit card to pay. Under this system, the Unit will release the funds from PayPal into the CCC bank account. The Unit will retain the \$15.00 and forward through Bank of America bill pay, the International Dues directly to International in Ohio. The Unit will prepare the paperwork to submit to International. If you use the Unit PayPal, add an additional \$2.70 (total \$82.70) to cover the costs charged by PayPal.
- . 3) At the Central Coast California website, you have the option to print out the membership form in a pdf (Adobe Acrobat) version. Complete the form and then mail it with an \$80.00 check to:
Robert Minder
CCC Treasurer 7170 Impala Drive Ventura, CA 93003

The check should be made out to **Central Coast Unit WBCCI**.

The entire check will be deposited to the Unit Checking Account and the International dues and Renewal paperwork will be forwarded to International in Jackson Center, OH.

- . 4) Affiliates need to renew by check or PayPal. International does not accept affiliate Unit dues by themselves as all of the affiliate dues remain with the Unit. The renewal fee is \$15.00 and the check should made out to **Central Coast Unit WBCCI** and sent to:
Robert Minder
CCC Treasurer 7170 Impala Drive Ventura, CA 93003
Payments via PayPal need to include an additional \$.74 or \$15.74 to cover the PayPal costs. In order to remain an Affiliate with the Central Coast California Unit, the member must insure that they renew their full membership with their host unit. Those dues can be sent to International directly or to the appropriate address of their host Unit.
- . 5) Any individual who no longer owns an Airstream trailer or RV is no longer eligible for either full or affiliate membership.
The Central Coast California is looking forward to having all of our wonderful members back

with us for 2017 and new adventures in Airstreaming.

CCC Unit 20, WBCCI
